From mock interviews to document reviews, we provide structured, personalised support to ensure you feel confident, prepared, and capable of demonstrating your competence as a registered manager.

# What Is Included In Our Package?

## Comprehensive Interview Preparation

### 01 Tailored Mock Interview:

We simulate a realistic CQC interview, tailored to the role and responsibilities of a registered manager. Using questions based on the CQC's Key Lines of Enquiry (KLOEs) and the five key questions – Safe, Effective, Caring, Responsive, and Well-Led – we prepare you for the types of questions you are most likely to face.

### 02 Personalised Coaching:

Our experienced consultants provide detailed feedback on your performance during the mock interview, highlighting strengths and addressing areas for improvement. We focus on building your confidence and refining your communication skills to ensure you present yourself as knowledgeable and competent.

### 03 Insight into Regulatory Requirements:

We ensure you are well-versed in the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014, the Care Act 2014, and other essential guidelines. Our training will help you answer questions about your understanding of regulatory frameworks and inspection processes with confidence.
